P. O. Box 1049
1800 WaterMark Drive
Columbus, Ohio 43266-1049

Dear Mr. Schregardus:

TRANSMITTAL OF CLOSURE PLAN INFORMATION AND DATA FOR THE EQUIPMENT STORAGE AREA

Enclosed is a copy of the Closure Plan Information and Data for the Equipment Storage Area Hazardous Waste Management Unit (HWMU) at the Department of Energy (DOE) Fernald Environmental Management Project (FEMP), in Fernald, Ohio. This document is submitted to fulfill the requirements of Section II of the proposed Amended Consent Decree (PACD) between the State of Ohio and DOE, et. al. (CIVIL NO. C-1-86-0217). In Section II paragraph 3.12 of the PACD, DOE is required to submit a schedule that identifies projected activities for newly identified HWMUs. The schedule, which sets forth the timetables for the submittal of closure plans, was submitted to the Ohio Environmental Protection Agency (OEPA) on August 27, 1991. This Closure Plan Information and Data for the Equipment Storage Area satisfies the March 5, 1992, commitment in the schedule for submittal of a closure plan to close the unit.

This closure plan information and data provides for clean closure under the Resource Conservation and Recovery Act (RCRA), and does not expect remedial response activities will be required for the unit. In the event that soil sampling detects contamination from RCRA hazardous waste constituents, revised closure plan information and data, along with a revised schedule, will be submitted to the OEPA. Any remediation required at the unit will be integrated with response or remedial activities schedules under the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) at the FEMP site.

OEPA approval of the enclosed document is requested. If there are any questions regarding this closure plan information and data, please contact David Rast at (513) 738-6322.
